JOB DESCRIPTION ARTIFICIAL INSEMINATOR

- 1. Work within a team calling on farms, as directed, to artificially inseminate cows and heifers for herd owners to a high professional standard.
- 2. Call, when requested, with D.I.Y./Service customers, in order to sell the Company's range of available semen, products and other services.
- 3. Ensure that the operation is carried out in an effective and safe manner within the agreed daily timescale. It is your responsibility to carry out a health and safety assessment on each visit to a place of work. Most calls will be logged before 10.30 each morning. However, calls received after this time should not be deemed late or optional.
- 4. Maintain a high degree of bio-security, including proper cleansing and disinfecting procedures before and after each insemination. Maintain a clean and tidy personal appearance and high standards of cleanliness and hygiene of all company property and equipment.
- 5. Following each insemination, record details on the hand-held computer provided, and leave an invoice with the customer. In the event of your computer not working, you should complete a docket from your sequentially numbered docket book. All numbered dockets must be accounted for and returned to Head Office promptly.
- 6. Collect, as directed, all debt, and receipt and bank all monies received promptly.
- 7. Handle with care all Company property as issued, especially the semen flask and stock of semen contained, and the handheld computer and hardware.
- 8. Be responsible for the actual stock of semen in the flask and to ensure liquid nitrogen levels are maintained to safeguard same.
- 9. Ensure that an adequate supply of semen is available in field flask to give the customer as wide a choice as possible.
- 10. Look after the Company issue van in a proper way and to drive it in a careful manner. If you drive your own vehicle, you must provide evidence of current appropriate business insurance. Ensure your driving licence is valid and notify HR promptly of any endorsements.
- 11. Feed back information to the Centre Managers on how the bulls offered by the Company are performing within the herds of their customers.
- 12. Be polite, courteous and respectful at all times to customers, suppliers and co-workers.
